

TECNARGILLA, 24th International Exhibition of Technologies and Supplies for the Ceramic and Brick Industries (22nd – 26th September 2014), Rimini, Italy.

Tecnargilla is the world's most important showcase of technological and stylistic innovation for the ceramic and brick industry, offering the most complete preview of innovative products and technologies for the ceramic and brick industry. With over 450 exhibitors, in an area of 75.000 m², Tecnargilla totaled in the last edition more than 32.000 specialized professional visitors coming from 110 countries. Organized by Riminifiera in collaboration with ACIMAC (The Italian Association of Manufacturers of Machines and Equipment for Ceramic), Tecnargilla presents the broadest range of ceramic products, hosting the leading producers of technology for tiles, bathroom fixtures, bricks, dishware, refractory materials, and technical ceramics.

In this framework, **Hemispheres Wbd**, partner of RiminiFiera for Arab countries, promotes the participation of an Arab entrepreneurial delegation in order to allow participating companies to be acquainted with the latest trends of ceramic and brick industry and meet the most prominent Italian and international companies during a special business meeting session.

Companies and professionals invited:
